1. BEFORE YOU GO

Passports

Your passport must be valid for at least 6 months after your trip ends.

You must provide your passport number, date of birth, and dive certification details through the Guest Information System (GIS) at least 14 days before departure — required by the Cocos Marine Park to issue your entry permit. Failure to submit will result in trip cancellation (no park permit = no entry to Cocos Marine Park).

Children traveling: Some countries have special rules for children leaving the country. Check your government's travel website for requirements.

Visa

Costa Rica requires all travelers to have a valid passport. Visa requirements depend on your nationality.

- US, Canadian, UK, EU, Australian, and New Zealand citizens: No visa needed for stays under 90 days
- Other nationalities: Check with the nearest Costa Rican embassy or consulate

You are responsible for:

- Getting the correct visa for Costa Rica
- Having documents to re-enter your home country
- Checking visa rules for any connecting flights

Where To Check:

- USA citizens: www.travel.state.gov
- Other countries: Contact your foreign affairs office or embassy
- All travelers: IATA Travel Centre at www.iatatravelcentre.com

Required Forms

You need two things before you can dive and a third if you plan to do scuba training:

1. GUEST INFORMATION SYSTEM (GIS)

What: Aggressor's online cruise application forms, including waiver and travel details

When: Complete 14 days before departure

How: You'll receive a link by email. If you didn't get it, contact reservations.

Include your flight arrival time or hotel name in the GIS.

2. DIVE CERTIFICATION CARD (C-CARD)

What: Your diving certification card

Bring: The physical card or digital proof

Note: If diving with Nitrox, bring your Nitrox certification card as well.

3. MEDICAL FORM (RSTC) (Only if doing scuba training)

What: Diving Medical History Form

When: Required only if you plan to take a scuba training or certification course during your trip.

How:

- Download the form now at <http://www.aggressor.com/RSTCMedical.pdf>
- Answer all questions honestly
- The form will tell you if your answers require a doctor's approval.
- If no doctor approval is needed, you can sign it yourself
- Print it and bring it to the yacht

ALREADY HAVE ONE? If you have a medical form signed by a doctor in the last 12 months, you can use that instead.

There are no doctors once the yacht leaves the dock. If you need a doctor's signature and don't have it, you cannot participate in any SCUBA training classes.

There are no doctors once the yacht leaves the dock. If you need a doctor's signature and don't have it, you cannot participate in any SCUBA training classes.

Proof of dive-accident insurance is mandatory for this destination.

- An incomplete or Missing GIS will result in denied boarding and possible trip cancellation without refund.
- You cannot dive without a certification card.
- You cannot participate in SCUBA training courses without a medical form.

Travel & Health Insurance

Aggressor Adventures strongly recommends all guests purchase insurance to protect your investment and health.

SUGGESTED COVERAGE:

- Travel Insurance (Trip Cancellation and Interruption)
- Dive Insurance (Dive Accident and Medical)
- Equipment Insurance

CONSIDER ADDING:

- "Cancel For Any Reason" (CFAR) upgrade - extends coverage beyond traditional policies without the constraints of "covered situations".
- "Liveaboard Rider" upgrade - addresses liveaboard-specific issues such as missed dives due to illness, weather, or accidents to others, which impact your experience and more.

These policies provide financial security if unexpected events occur.

Get quotes: www.aggressor.com → Insurance for options.

Yellow Fever: travelers arriving from South America and/or sub-Saharan Africa need a Yellow Fever vaccine (at-risk countries include Angola, Nigeria, Sudan, Bolivia, Brazil, Colombia, Ecuador, Peru, Guyana, and Venezuela; exceptions exist — verify at www.costarica-embassy.org).

Mandatory \$30 Emergency Evacuation Plan: funds pre-authorized rapid-response evacuation protocols specifically for Cocos Island, where evacuation to the nearest chamber takes multiple hours.

Motion sickness: the crossing to Cocos is ~36 hours (return 28-32 hours) in open ocean — strongly consider motion sickness medication. A complete physical exam before your trip is recommended. Yachts carry a first aid kit, oxygen, and an AED; staff cannot accept medication for safekeeping (bring a cooling case for temperature-sensitive medication — staff will recharge blue ice).

2. PREPARING FOR YOUR ADVENTURE (2-4 WEEKS BEFORE)

Recommended Packing

Travel light. Space on the liveaboard yacht is limited.

LUGGAGE: Use soft luggage, such as duffel bags (not hard suitcases), for easy storage in your room.

CLOTHING TO BRING:

- Lightweight, comfortable sportswear
- Swimsuits
- Light sweater or jacket for evenings
- Walking shoes for time ashore
- Sunglasses and hat

Dress code: Always casual and informal

ESSENTIALS:

- Sunscreen (reef-safe recommended)
- Sunglasses
- Hat
- Walking shoes

PACKING CHECKLIST: Use this link to download your FREE Packing Guide! This simple checklist will help make sure you have everything you need for your adventure, so you can spend less time worrying about forgotten essentials and more time getting excited for your trip!

Electronic Devices

Personal Electronics are welcome:

Cameras, phones, satellite phones, computers, tablets, and e-readers

The following devices are prohibited:

Underwater Scooters | Prohibited.

Electric Surfboards | Includes e-foils, jetboards, powered surfboards, and similar devices.

CHECK WITH AIRLINE: Some airlines have restrictions on lithium batteries in checked bags. Check your airline's rules before packing.

Required Dive Equipment

All divers are required to have the following equipment. You may either bring your own or rent on board.

- Mask
- Fins
- Snorkel
- Buoyancy Compensator (BCD)
- Regulator with an Alternate Air source and a visible pressure gauge
- Dive Computer
- Tank (provided)
- Weights (provided)
- Weight belt (provided)
- Wetsuit

Personal Equipment

Mark each piece of your personal gear with waterproof paint or tape. Equipment can look similar — make sure yours is clearly labeled.

- Wetsuit or Rash Guard
- Dive Booties

- Action Camera
- Dive Light (For night dives)

Guests should also consider additional personal safety equipment such as:

- Dive Alert
- Nautilus Rescue Radio
- Whistle
- Mirror
- Surface Marker Buoy (SMB) with reel

WHY SMB & REEL ARE RECOMMENDED:

If you surface away from the main yacht, your surface marker helps the yacht staff to track your location for pickup. You are encouraged to practice deploying yours before the trip or on the initial check-out date.

Airline Travel & Checked Bags

WHAT TO CARRY ON THE PLANE: Pack these in your carry-on bag (NOT checked luggage):

- Passport and travel documents
- Dive certification card
- Medical form
- Money and credit cards
- Prescription medications
- One change of clothes (including swimsuit)
- Basic toiletries

Why? If your checked bag is delayed, having essentials in your carry-on means you can still dive on Day 1. Once the yacht leaves port, it cannot receive deliveries until it returns.

CHECK YOUR AIRLINE'S RULES: Different airlines have different limits for:

- Number of bags
- Weight limits
- Size restrictions

- Extra fees

BUSY SEASON RESTRICTIONS:

- Some airlines reduce luggage allowance during high season (December - April).
- You might only get one checked bag instead of two.

DIVE GEAR FEES:

- Many airlines charge extra fees for dive equipment.
- Check if your airline offers a "sports equipment" allowance.

Communication with Home

Before departure: Share your itinerary with family

Emergency contact: +1-706-664-0111 available 24/7

In port (embarkation day/departure day): Most cell phones will work if they have international roaming or data.

At sea: SeaFi Internet is available for purchase

Cell phones will work sporadically based on distance from towers.

Return day: Most cell phones will work if they have international roaming or data.

Tip: Send a "heading out for 6 days" message embarkation day evening so family knows you may be offline by choice.

Green the Fleet

Contribute to the Green the Fleet sustainability initiatives. Here are a few reminders to keep in mind as you get ready for your adventure:

- Avoid traveling with single-use plastics.
- Remove packaging from any new purchases before traveling.
- Travel with a refillable water bottle for hydration.
- Use rechargeable batteries whenever possible. Plan to bring home used batteries so they can be properly disposed of.
- Use an environmentally friendly or ocean-safe sunscreen.
- Be environmentally conscious in everything you do.

3. GETTING THERE

Arrival Airports

Airport	Code	Distance / Time	Notes
Juan Santamaría International Airport, San José, Costa Rica	SJO	~52 miles (84 km) from Puntarenas dock; ~1.5-hour drive	

Recommended Arrival Times

All guests **MUST** arrive at least 1 day before the charter start date and overnight in San José — the yacht departs Puntarenas on Day 1 for the 36-hour crossing; missing the bus means missing the trip

Transfer Options

Included — Round-trip bus transfers between the host hotel and Puntarenas dock are included. Airport-to-hotel transfer is your responsibility (taxis at SJO, or private transfers via Aggressor DeTours, +1-706-434-8158 / travel@aggressor.com).

Route	Departs	Arrives	Cost
Day 1: Host hotel (San José) → Puntarenas dock	Pickup varies by charter date, 7:00 am – 3:00 pm (tide-dependent; see current dated schedule)	~1.5 hours; yacht departs Puntarenas ~3 hours after hotel pickup	Included
Day 11: Puntarenas → host hotel or SJO airport	7:00 am check-out	~1.5 hours to SJO; book departing flights after 12:30 pm	Included

4. ON BOARD LIFE

Electricity

Okeanos Aggressor II: 110V, Type A/B outlets (same as USA/Canada). Cocos Island Aggressor: 220V, combo outlets accepting both flat 110V (Type A/B) and round 220V (Type C/F) connectors.

Meals

American favorites, barbecues, and local Costa Rican cuisine. Cooked-to-order breakfast, self-serve lunch, elegant plated dinner; snacks mid-morning and mid-afternoon. All meals are self-serve during the 36-hour transits; plated dinner service resumes at anchor at Cocos Island. Complimentary juices, soft drinks, iced water/tea, coffee, and a limited selection of local beer and wine — bring preferred spirits from duty-free. Bar closed while in port (local regulations).

If you have special medical dietary restrictions, please note them in your GIS reservation and discuss them with the yacht chef upon boarding so they can properly prepare to meet your needs.

Specialty dietary items may have limited availability on board. For strict dietary needs:

- Bring critical items with you (gluten-free pasta, specific protein powders, etc.)
- Discuss options with chef on Day 1
- Be flexible - ingredients may not match exactly what you eat at home.

Beverages

Complimentary beverages include:

- Fruit juices
- Soft drinks
- Iced water and iced tea
- Coffee
- Limited selection of local beer and wine

For other alcohol and spirits, you are encouraged to bring your special brand

with you or purchase locally before boarding.

Drinking and diving do not mix. Once you consume alcohol, you become a sunbather until the next day.

Communications / Internet

Complimentary OnAdventure Network (onboard LAN — room handbook, videos; no internet access). Onboard internet packages can be purchased (8 GB per package, additional data available). No cellular service during the 36-hour ocean crossing; at Cocos Island a local cell tower provides intermittent reception. Onboard satellite for emergencies; satellite email is text-only and charged by data usage. Private calls may be made from the yacht through the satellite system.

Ship's Boutique

- There is a small on board boutique offering assorted t-shirts and other items.
- Your bill for on board services and boutique items will be settled on the last day of diving.
- After returning home, if you still want boutique items, please visit the Aggressor online boutique at aggressorboutique.com.

Fees & Taxes (Pay on Board)

Fee	Amount	Notes
Cocos Island Park Fee	\$490 per person + 13% VAT (≈\$553)	10- night
Emergency Evacuation Plan (mandatory)	\$30 per person, paid onboard	
Fuel Surcharge (effective July 1, 2026)	\$140 per person	8-night
Fuel Surcharge (effective July 1, 2026)	\$150 per person	10- night
Fuel Surcharge (effective July 1, 2026)	\$180 per person	12- night

13% government sales tax applies to all onboard sales and services (excluding the evacuation plan); 3% credit card surcharge added to park fees paid by card. Costa Rica residents 65 and older are exempt from VAT. Fees are paid onboard at the end of the charter during checkout. Prices subject to change by government authorities without notice.

The mandatory \$30 Emergency Evacuation Plan funds pre-established, pre-authorized emergency medical evacuation protocols specifically for Cocos Island.

Entertainment

There are a variety of nightly entertainment options:

- Diving videos
- Movies
- Marine life identification and destination presentations

The yacht offers a collection of movies and TV shows that can be watched in the salon or in your room. If you have a favorite movie, digital slideshow, or video to share, bring it along!

A small library of marine life identification books is also available for reference.

Special Occasions

If you will be celebrating a special occasion such as a birthday, anniversary, honeymoon, wedding, or your 100th dive please notify the Reservation office before traveling.

Gratuities

- Staff gratuities are not included in the charter.
- Gratuities are voluntary and should be based on the quality of service provided by the staff.
- When settling your account on the final evening, the captain will have an envelope for gratuities that will be divided equally among the staff
- Payment can be made by cash (USD or USD cash, Visa, MasterCard (gratuities also in Costa Rican Colón). Travelers' checks and personal checks not accepted.),

Visa, or MasterCard.

Health & Medications

The Cocos Island Aggressor & Okeanos Aggressor II has a first aid kit on board, including oxygen and an AED.

Motion Sickness: Consider bringing over-the-counter motion sickness medication if you think you may need it. Consult your doctor about prescription options such as the transdermal patch or Scopace tablets. Currents and winds can cause moderate movement of the yacht at times.

Medication Storage:

The yacht and its staff cannot accept any medication brought on board for safekeeping, including those requiring refrigeration. Guests needing temperature-sensitive medication should travel with a cooling case or a small cooler with blue ice packets. The staff will gladly store and recharge blue ice packs but cannot accept responsibility for proper care or storage of medication. Medication must be kept in your room.

5. DIVING INFORMATION

Diving Operations

All diving at Cocos Island is conducted from pangas (tenders) — no diving directly from the yacht. Each yacht carries two 22-foot pangas with ample space for camera equipment; a divemaster accompanies every panga on every dive. Staff assist you back into the panga and take your weight belt and tank after each dive.

Each diver receives a free satellite GPS locator — in an emergency it sends an SMS with your coordinates to the local Aggressor office and rescue coordination center.

Recommended for advanced divers; not recommended for new or handicapped divers (strong currents, rugged terrain). The divemaster has authority to decide site suitability per diver.

18-21 per 10-night adventure (weather depending) total. Up to 3 per day.
No night diving.

Typical Schedule

Day	Activity	
Day 1	Hotel pickup → bus to Puntarenas → board yacht → depart for Cocos Island (time varies by charter date)	
Days 2-3	~36-hour ocean crossing; arrive Cocos Island — diving begins on arrival	
Days 4-9	Eat, sleep & dive: breakfast, 1st dive, snack, 2nd dive, lunch, 3rd dive, snack, dinner & evening entertainment	
Days 9-10	~28-32-hour crossing back to Puntarenas	
Day 11	7:00 am check-out; transfer to host hotel or SJO airport	

Dive Supervision

- Diving is not just an activity; it's a passion for exploring the underwater world. That's why the dive program is built around empowering you and your buddy to take control of your diving experience.
- While in the water, you and your buddy are in charge.
- Every dive starts with a thorough briefing from the dive staff, covering site conditions, points of interest, and safety procedures.
- As certified divers, you and your buddy are responsible for planning and carrying out your dives while respecting your experience limits and those set by the briefing and your certification agency.
- Divers are not directly supervised - each buddy team manages their own dive.
- If you surface early, only your buddy team surfaces - other divers may continue their dive per the plan and briefing.

Equipment Storage

- Each guest will be assigned a designated seat on the dive deck and a personal locker or cubby to store items.
- There are rails and hangers for wetsuits.
- Freshwater showers are located on the back deck for post-dive comfort.
- Warm towels are provided after each dive.

Wetsuit Rentals

Rentable — Tanks: 80 cu ft (12L) aluminum with combined K (Yoke) and DIN valves — no adapter needed; air fills included. Large-capacity 15L / 100 cu ft tanks rentable (limited, first-come first-served, advance reservation; convertible valves). Unlimited Nitrox (32%) purchasable — Nitrox-certified divers only. SMB with reel is REQUIRED for all guests (panga diving — the driver tracks your surface marker); SMB & reel sets available for rent or purchase onboard. Full MARES rental line aboard (regulators, BCs, dive computers, lights, wetsuits, Nautilus Rescue Radio, U/W cameras); free MARES loaner gear if your equipment fails or luggage is lost (subject to availability). Bring your own wetsuit for best fit.

Itinerary Details

Cocos Island is one of the most legendary dive destinations in the world — a UNESCO World Heritage Site protected as a marine national park, reached by a 36-hour open-ocean crossing each way. The 10-night itinerary features 18-21 dives, all from pangas, up to 3 per day; night diving is not offered.

Cocos is famous for schooling hammerhead sharks, countless white-tip reef sharks, manta rays, huge schools of tuna, and whale shark encounters. Sites feature strong currents, rugged underwater terrain, and pinnacles dropping into deep blue water — diving here is for experienced divers.

Diving Conditions

Water: 72-82°F (22-28°C) with cool thermoclines — 3-5mm wetsuit recommended year-round (3mm minimum); most divers use a 5mm with booties and a hood

Visibility: 40-100+ ft (12-30+ m), best in dry season

Scuba Training

Enhance your education while on board an Aggressor yacht!

The courses available include:

- Advanced Open Water Diver (SSI or PADI)
- Enriched Air / Nitrox Courses (SSI or PADI)

Course fees are due once on board and after the instructor confirms your course. The training agency providing your course will depend on your instructor's affiliations.

A diver participating in scuba training will need to complete a medical history form. Please be sure to review the form prior to traveling and ensure you do not need a physician's signature.

Photo & Video

Photography: The yacht offers photography coaching while on board. The Cocos Island Aggressor & Okeanos Aggressor II has a camera table with low-pressure air hoses and a dedicated charging station for your camera and video equipment.

As a safety precaution, all lithium-ion batteries must be charged outside at the camera station and cannot be charged inside the yacht.

Video Service: The Video Professional can capture your diving adventure on board the Cocos Island Aggressor & Okeanos Aggressor II to share with family and friends.

The video of the week (including all guests and staff) is available for an additional fee. See www.aggressor.com for current pricing.

Nearest Chambers

Facility	Location / Notes
San José recompression chamber	San José (capital city), Costa Rica
Puntarenas recompression chamber	Puntarenas (home port), Costa Rica
Golfito recompression chamber	Golfito, Costa Rica — evacuation from Cocos Island to any chamber takes multiple hours

Prohibited Diving Activities

The following diving activities are not supported and prohibited on Aggressor Liveaboards

- Use of Spear guns, Hawaiian slings or collecting of any kind are not permitted.
- Solo Diving
- Use of double tanks
- Decompression or Technical Diving
- Touching, chasing, or disturbing marine life of any kind.

6. AFTER YOUR ADVENTURE

Check-Out Time

Day 11 at 7:00 am from Puntarenas

Check-out time is 8:00 am for all guests. At this time, all guests and their luggage must be off the yacht, so staff have adequate time to prepare for new guests arriving in just a few hours. If you are making your own transfer arrangements, please ensure that you are picked up at or before check-out.

Departure Schedule

Check-out 7:00 am on Day 11; included transfer to host hotel or SJO airport (~1.5 hours). Schedule departing flights after 12:30 pm — early-morning departure flights are NOT possible due to traffic, tides, and transfer logistics.

Post-Adventure Extensions

Aggressor DeTours offers tours before or after your yacht stay: active volcanoes, cloud and rain forest preserves, white water rafting, jungle tours, canopy and zip line tours, and Costa Rica's beaches. If your Day 11 flight is in the late afternoon, optional day-of-departure excursions include a jungle crocodile safari and a canopy tour. Contact travel@aggressor.com or +1-706-434-8158.

Guest Surveys

You will receive a detailed survey via email three days after your adventure ends. (If you've completed back-to-back adventures, you'll receive one survey for each.) Aggressor Adventures truly values guest feedback and integrates it into the continuous improvement of Aggressor programs.

Many amenities and experiences you enjoyed during your adventure were inspired by guest suggestions. Your feedback is sincerely appreciated as it helps Aggressor enhance operations and exceed future guest expectations.

Your survey also offers a valuable opportunity to recognize exceptional staff performance. These evaluations directly influence staff recognition programs,

awards, and promotions. The staff is dedicated to making your adventure memorable, and your feedback helps celebrate their outstanding service. The time you take to provide thoughtful responses is greatly appreciated and helps maintain the highest standards of the Aggressor experience.

Stay Connected

Each week, the previous charter's Adventure log is uploaded to the website. Feel free to visit www.aggressor.com and check the Adventure log for water temperature, visibility, and sightings.
