Turks & Caicos Aggressor II Quick Reference Summary

Charter Schedule: Saturday → Saturday

Home Port: Turtle Cove Marina, Providenciales, Turks & Caicos Islands

Arrival & Transfers

Item	Details
Recommended Airports	Providenciales International Airport (PLS)
Arrive By	All guests are strongly encouraged to arrive one day early. PLS → arrive before boarding begins on Saturday.
Check-In / Out Window (from the yacht)	Check-In: Saturday 4–6 pm Check-Out: Saturday by 8 am
Transfers:	Included on embarkation/disembarkation days. Delano's Taxi Service meets guests at Providenciales International Airport (PLS). After clearing customs, find the Taxi Dispatcher and ask for Delano's. TEL: +1-649-346-1623.

Deadlines & Documents

60 Days Before Departure	<ul style="list-style-type: none"> Review Diving Medical Form (if doing scuba training). Make a doctor's appointment if needed.
14 Days Before Departure	<ul style="list-style-type: none"> Aggressor's Guest Information System registration due Confirm any special requests
Item	Details
Passport	Valid ≥ 6 months beyond trip.
Visa	See below. Most visitors do not require a visa for the Turks & Caicos.
Guest Info System (GIS)	Complete all sections ≥ 14 days before departure.
Diving Medical Form	Only required for participation of SCUBA training courses onboard. Print & bring form with doctor's signature, required for any "yes" answers.
Dive Certification Card	Required for all divers (+ Nitrox if applicable).

Fees & Payments

Item	Details
Bed Tax – 7-night trip	\$110 per person
Bed Tax – 10-night trip	\$158 per person
Payment Methods	USD cash / Visa / MasterCard

On Board Highlights

- All rooms A/C with private bath.
- Power: 110V (Type A/B plugs) – same as USA/Canada.
- Wi-Fi: SeaFi Internet available (purchase codes on board)
- Meals: Full breakfast, lunch buffet, dinner served. Snacks provided between dives.
- Beer & wine included. Bring preferred spirits from duty-free.
- Smoking → rear sun deck only.
- Average 22-27 dives per 7-night adventure.
- Up to 5 dives per day (including night dives). Recreational diving only.
- Recommended: Mask, fins, BCD, regulator, dive computer, & wetsuit (not available).
- Tanks (12L / 80 cf) provided; 15L available for rent (limited quantities).
- Nitrox available (extra fee).
- Nearest hyperbaric chamber: Providenciales

Diving Essentials

1. BEFORE YOU GO

Passports

Your passport must be valid for at least 6 months after your trip ends.

Children traveling: Some countries have special rules for children leaving the country. Check your government's travel website for requirements.

Visa

The Turks & Caicos Islands are a British Overseas Territory. Most visitors from the USA, Canada, UK, and EU do not require a visa for short stays.

You are responsible for:

- Getting the correct visa for Turks & Caicos
- Having documents to re-enter your home country
- Checking visa rules for any connecting flights

Where To Check:

- USA citizens: www.travel.state.gov
- Other countries: Contact your foreign affairs office or embassy
- All travelers:

The [IATA Travel Centre](https://www.iata.org/en/your-travel/iata-travel-centre) is a helpful resource for travelers checking current travel, visa, and health requirements.

NOTE: The Reservation Office and staff cannot assume responsibility for passengers who do not have the correct documentation. It is the traveler's responsibility to ensure they have the correct documentation for entry into each country on their itinerary.

Visa and entry requirements can change without notice. Always verify before traveling.

Required Forms

You need two things before you can dive and a third if you plan to do scuba training:

1. GUEST INFORMATION SYSTEM (GIS)

What: Aggressor's online cruise application forms, including waiver and travel details

When: Complete at least 14 days before departure

How: You'll receive a link by email. If you didn't get it, contact reservations.

Include your arrival and departure flight time and date, with applicable hotel information in the GIS under *Travel*.

2. DIVE CERTIFICATION CARD (C-CARD)

What: Your diving certification card.

Bring: The physical card or digital proof.

Note: If diving with Nitrox, bring your Nitrox certification card as well.

3. MEDICAL FORM (RSTC) *(Only if doing scuba training)*

What: Diving Medical History Form.

When: Required only if you plan to take a scuba training or certification course during your trip.

How:

- Download the form now at <http://www.aggressor.com/RSTCMedical.pdf>
- Answer all questions honestly.
- The form will tell you if your answers require a doctor's approval.
- If no doctor approval is needed, you can sign it yourself.
- Print it and bring it to the yacht.

ALREADY HAVE ONE? If you have a medical form signed by a doctor in the last 12 months, you can use that instead.

There are no doctors once the yacht leaves the dock. If you need a doctor's signature and don't have it, you cannot participate in any SCUBA training classes.

What if I forget to complete these forms?

- An incomplete or missing GIS will result in denied boarding and possible trip cancellation without a refund.
- You cannot dive without a certification card.
- You cannot participate in SCUBA training courses without a medical form.

Travel & Health Insurance

Aggressor Adventures strongly recommends all guests purchase insurance to protect your investment and health.

SUGGESTED COVERAGE:

- Travel Insurance (Trip Cancellation and Interruption)
- Dive Insurance (Dive Accident and Medical)
- Equipment Insurance

CONSIDER ADDING:

- "Cancel For Any Reason" (CFAR) upgrade – extends coverage beyond traditional policies without the constraints of “covered situations”.
- "Liveaboard Rider" upgrade - addresses liveaboard-specific issues such as missed dives due to illness, weather, or accidents to others, which impact your experience and more.

These policies provide financial security if unexpected events occur.

Get quotes: www.aggressor.com → [Insurance](#) for options.

2. PREPARING FOR YOUR ADVENTURE (2-4 WEEKS BEFORE)

Recommended Packing:

Travel light. Space in the stateroom is limited. Notify the staff if you need to store extra equipment or luggage.

LUGGAGE: Use soft luggage, such as duffel bags (not hard suitcases), for easy storage in your cabin.

CLOTHING TO BRING:

- Lightweight, comfortable sportswear
- Swimsuits
- Light sweater or jacket for evenings
- Walking shoes for time ashore
- Sunglasses and hat

Dress code: Always casual and informal

ESSENTIALS:

- Sunscreen (reef-safe recommended)
- Sunglasses
- Hat
- Walking shoes

PACKING CHECKLIST: Use this QR code to grab a free Packing Guide. It's a simple checklist that makes sure you bring everything you need for your adventure. No more forgotten essentials!

Electronic Devices

Personal Electronics are welcome:

Cameras, phones, satellite phones, computers, tablets, and e-readers

Drones. Drones require advance planning and paperwork with local Aviation Authorities in the Turks & Caicos. Contact reservations before traveling if you plan to bring one.

The following devices are prohibited:

Prohibited Equipment	Notes
<input type="checkbox"/> Underwater Scooters	Prohibited.
<input type="checkbox"/> Electric Surfboards	Includes e-foils, jetboards, powered surfboards, and similar devices.

CHECK WITH AIRLINE: Some airlines have restrictions on lithium batteries in checked bags. Check your airline's rules before packing.

Required Dive Equipment

All divers are required to have the following equipment. You may either bring your own or rent on board.

- Mask
- Fins
- Snorkel
- Buoyancy Compensator (BCD)
- Regulator with an Alternate Air source and a visible pressure gauge
- Dive Computer
- Tank (*provided*)
- Weights (*provided*)
- Weight belt (*provided*)
- Wetsuit (*not available to rent*)

Personal Dive Equipment

Mark each piece of your personal gear with waterproof paint or tape. Since many diving items look alike, clearly labeling your equipment will help ensure its easily identifiable.

Guests should also consider additional personal safety equipment such as:

- Dive Alert
- Nautilus Rescue Radio
- Whistle
- Mirror
- Surface Marker Buoy (SMB) with reel

WHY SMB & REEL ARE RECOMMENDED:

If you surface away from the main yacht, your surface marker buoy will help the crew track your location for pickup. You are encouraged to practice deploying your marker prior to the trip or during the initial check-out dive.

Airline Travel & Checked Bags:

WHAT TO CARRY ON THE PLANE: Pack these in your carry-on bag (NOT checked luggage):

- Passport and travel documents
- Dive certification card
- Medical form
- Money and credit cards
- Prescription medications
- One change of clothes (including swimsuit)
- Basic toiletries

Why? If your checked bag is delayed, having essentials in your carry-on means you can still dive on Day 1. Once the yacht leaves port, it cannot receive deliveries until it returns.

CHECK YOUR AIRLINE'S RULES: Different airlines have different limits for:

- Number of bags
- Weight limits
- Size restrictions
- Extra fees

BUSY SEASON RESTRICTIONS:

- Some airlines reduce luggage allowance during high season (December - April).
- You might only get one checked bag instead of two.

DIVE GEAR FEES:

- Many airlines charge extra fees for dive equipment.
- Check if your airline offers a "sports equipment" allowance.

Communication with Home – Staying In Touch

Before departure: Share your itinerary with family
Emergency contact: +1-706-664-0111 available 24/7
In port (Saturday/Sunday): Most cell phones will work if they have international roaming or data.
At sea: OnAdventure Local Area Network is free onboard. SeaFi Internet codes are available to purchase for internet, email, messaging, and voice-over-IP.
Cell phones may work sporadically based on distance from towers.
Return day: Most cell phones will work if they are enabled for international roaming or have an active data plan.

OnAdventure Network: [LINK](#)

Tip: Before traveling, consider sending a quick “heading out for 6 days” message to your family so they know you may be offline or unreachable during the cruise.

Green the Fleet Tips

Contribute to the Green the Fleet sustainability initiatives. Here are a few reminders to keep in mind as you get ready for your adventure:

- Avoid traveling with single-use plastics.
- Remove packaging from any new purchases before traveling.
- Travel with a refillable water bottle for hydration.
- Use rechargeable batteries whenever possible. Plan to bring home used batteries so they can be properly disposed of.
- Use environmentally friendly or ocean-safe sunscreen.
- Please be environmentally conscious of everything you do.

3. GETTING THERE

Arrival Airports:

- Providenciales International Airport (PLS), Providenciales, Turks & Caicos Islands
- Direct flights available from many cities in the USA, Canada, UK, and the Caribbean.
- Approximately 10–15 minutes by taxi to Turtle Cove Marina.

Recommended Arrival Times:

The staff recommends arriving one day early:

- Flights can be delayed
- Luggage can be lost
- Customs can take longer than expected
- Better to arrive relaxed than stressed

If you arrive early and are staying at a hotel, check with your hotel for transportation to Turtle Cove Marina. Delano's Taxi does not pick up hotel guests — they only meet arriving charter guests at the airport on Saturday. Delano's taxi service will have a copy of the guests scheduled arrival times on Saturday and will provide transfers for Saturday airport arrivals directly to the boat.

If you arrive on embarkation day (Saturday):

- Flights should land at PLS before boarding begins
- Boarding window: after 4:00 pm on Saturday
- Guests may drop their luggage off at the boat any time after 10:00 am Saturday morning

If you arrive on Sunday due to an unforeseen delay, arrangements can be made to get you on board. A charge may apply depending on the yacht's location. Contact the yacht or reservations office as soon as possible.

Transfer Options:

Delano's Taxi Service has been arranged to meet arriving guests at PLS. After clearing customs, exit the airport and find the Taxi Dispatcher. Tell the dispatcher you have transfers with Delano's Taxi Service and they will call for you.

Taxi Service:

- Taxis are available at PLS
- Delano's Taxi TEL: +1-649-346-1623
- Greeters and taxi drivers cannot wait outside customs with signs
- Delano's has a copy of scheduled arrival times and will be in the area
- Two taxis are available — if one is occupied, the second will arrive shortly
- Extra charges may apply for more than 2 guests and each piece of luggage. (A single guest traveling with two bags would typically be charged \$55)

Disembarkation day (Saturday):

Transfers back to the airport are included. The Captain will inform you of your departure time and designated meeting area. For early morning departures, the taxi picks up between 5:45 am – 6:15 am.

Port and Dockage Details

The Turks & Caicos Aggressor II docks at Turtle Cove Marina in Providenciales.

- Check-In: Saturday after 4:00 pm
- Check-Out: Saturday by 8:00 am
- Guests arriving early on Saturday may store luggage on board but cannot board until 4:00 pm. The staff needs this time to prepare.

If you have a Saturday afternoon flight, the Captain can arrange an island tour for you. Ask on board.

4. ON BOARD LIFE

Accommodations & Services

All rooms are air-conditioned and equipped with:

- Private toilet, shower, and sink – Note: Twin Share staterooms 8 & 9 share a bathroom
- Hair dryer
- Towels changed as needed - hang to dry and reuse to support Green Fleet
- Linens (changed upon request)

STATEROOM SIZE:

- Staterooms are compact yet comfortable, thoughtfully designed for divers who spend most of their time on deck or in the water.
- Guests store soft luggage under their beds. There is limited storage — travel light.

Electricity

- The Turks & Caicos Islands use 110V, 60Hz outlets, plug types A and B (same as the USA/Canada).
- Most phone chargers and laptop adapters support both 110V and 220V — check yours to be sure.
- Bring adapters if your devices use different plug types.

Reference: <https://www.worldstandards.eu/electricity/plugs-and-sockets/>

Meals

- The culinary team prepares a variety of American and Caribbean dishes with fresh ingredients.
- Lunch: Buffet-style with homemade soups, breads, salads, and sandwiches
- Dinner: Plated service featuring seafood, beef, or chicken with fresh vegetables and homemade desserts
- Snacks: Served mid-morning and mid-afternoon

Dietary Medical Restrictions:

If you have special medical dietary restrictions, please note them in your GIS reservation and discuss them with the yacht chef upon boarding so they can properly prepare to meet your needs.

The destination's remote location means limited access to specialty items. For strict dietary needs:

- Bring critical items with you (gluten-free pasta, specific protein powders, etc.)
- Discuss options with chef on Day 1
- Be flexible - ingredients may not match exactly what you eat at home.

Beverages

Complimentary beverages include:

- Fruit juices
- Soft drinks
- Iced water and iced tea
- Coffee
- Limited selection of local beer and wine

For other alcohol and spirits, you are encouraged to bring your special brand with you or purchase locally before boarding.

Drinking and diving do not mix. Once you consume alcohol, you become a sunbather until the next day.

Communications / Internet

This destination is equipped with the OnAdventure local area network (LAN). Connection to the network is free and provides guests with access to destination resources, such as placing morning beverage service orders and the Guest Room Handbook.

In addition, the system offers SeaFi internet connectivity codes. Each code purchased provides 8 Gigabytes of data usage. Voice Over Internet Protocol services (WhatsApp, Google Voice, etc.), online

messaging, and email are all accessible through this connection. To begin using the service, you will need to purchase a SeaFi code from the Captain/Cruise Director. The service is designed to provide basic connectivity needs.

Cellular service:

- Is available intermittently, throughout the trip when the yacht is closer to islands with cell towers
- Check with your carrier for roaming options

Ships Boutique

- There is a small on-board boutique offering assorted t-shirts and other items.
- Your bill for on board services and boutique items will be settled on the last day of diving.
- After returning home, if you still want boutique items, please visit the Aggressor online boutique at www.aggressor.com.

Fees & Taxes (Pay on Board)

Each guest will pay a bed tax at the end of the charter. These fees are collected by the local government.

Itinerary	7-Night Trip	10-Night Trip	Notes
Bed Tax (per person)	\$110	\$158	

Note: Prices subject to change by government authorities without notice.

The yacht accepts cash (USD) or Visa/MasterCard.

Fees are paid onboard at the end of your trip during checkout. Travelers' checks and personal checks cannot be accepted.

Smoking / Vaping Policy

- **Smoking and vaping are strictly prohibited anywhere inside the yacht or on the dive deck.**
- Smoking and vaping are only permitted at the rear of the sun deck.
- Please respect non-smoking guests.

Entertainment

There are a variety of nightly entertainment options:

- Diving videos
- Movies
- Games
- Marine life identification and destination presentations

The yacht offers a collection of movies and TV shows that can be watched in the salon or in your room. If you have a favorite movie, digital slide show, or video to share, bring it along!

A small library of marine life identification books is also available for reference.

Special Occasions

If you will be celebrating a special occasion such as a birthday, anniversary, honeymoon, wedding, or your 100th dive, please let the staff know so they can help celebrate your occasion. Kindly inform the reservation office before traveling so they can notify the staff in advance.

Gratuities

- Staff gratuities are not included in the charter.
- Gratuities are voluntary and should be based on the quality of service provided by the staff.
- When settling your bill, the Captain will have an envelope for gratuities that will be divided equally among the staff.
- Payment can be made by cash (USD), Visa, or MasterCard. Sorry, no personal checks, AMEX, or traveler's checks.

Health & Medications

The Turks & Caicos Aggressor II has a basic first aid kit on board, including oxygen and an AED.

Motion Sickness: Currents and winds may cause moderate movement of the yacht at times. You may want to bring motion sickness medication. Over-the-counter options are available or consult your doctor about prescription brands such as the transdermal patch or Scopace tablets.

Medication Storage:

The yacht and its staff cannot accept any medication brought on board for safekeeping, including those requiring refrigeration. Guests needing temperature-sensitive medication should travel with a cooling case or small storage cooler with blue ice packets. The staff will store and recharge the cooling packs but cannot accept responsibility for the proper care or storage of medication. Keep medication in your stateroom.

5. DIVING INFORMATION

Diving Operations

All diving on Aggressor Liveaboard yachts is recreational and non-decompression. Aggressor Liveaboards do not support technical diving, rebreathers, or diving with double tanks.

In the Turks & Caicos, all dives are conducted directly from the back deck of the main yacht using wide stern platforms and easy-entry ladders. The yacht anchors or moors directly at dive sites, giving you direct access to the reef from the dive platform. All dives begin with a full site briefing from the staff.

When diving from the yacht, at least one staff member will be in the water providing support, underwater photography, videography, and critter-spotting services. A staff member may also assist guests in locating specific points of interest.

You and your buddy are responsible for managing your dive plan while adhering to the dive briefing, certification agency standards, and regulatory limits. Guests are not required to follow the staff in the water. Once the dive time expires per the briefing, you should be back on the yacht having completed your safety stop.

All dives must remain within recreational limits. No decompression diving is permitted.

Typical Schedule (Saturday – Saturday)

- Up to 5 dives per day
- No decompression dives (recreational limits only)
- Night dives available on several evenings

Day		Activity
Saturday	4-6pm	Boarding at Turtle Cove Marina Stateroom orientation Set up dive gear Dinner Welcome and safety briefing Depart for first anchorage
	6pm or later	
Sunday Morning	Est. 9am	Initial dive briefing 1st dives begin (check-out dive) 3–4 more dives for the remainder of the day
Sunday – Thursday		Eat, Sleep & Dive 4-5 dives per day (including night dives) Fresh snacks between dives and 3 hot meals daily
Friday	AM	1–2 dives in the morning
	Noon - 1pm	Return to Turtle Cove Marina to provision and fuel
	5pm	Sunset cocktail party
	6pm	Dinner ashore at a local restaurant (not included)
Saturday	6am	Continental Breakfast
	8am	Check-Out Taxis arranged for airport transfers or to your hotel (not included)

Dive Supervision

- We understand that diving is not just an activity; it's a passion for exploring the underwater world. That's why the dive program is built around empowering you and your buddy to take control of your diving experience.
- While in the water, you and your buddy are in charge.
- Every dive starts with a thorough briefing from the dive staff, covering site conditions, points of interest, and safety procedures.
- As certified divers, you and your buddy are responsible for planning and carrying out your dives while respecting your experience limits and those set by the briefing and your certification agency.

- Divers are not directly supervised - each buddy team manages their own dive.
- If you surface early, only your buddy team surfaces – other divers may continue their dive per the plan and briefing.

Equipment Storage:

- Each guest will be assigned a designated seat on the dive deck and a personal locker or cubby to store items.
- There are also rails and hangers for your wetsuits.
- Freshwater showers are located on the back deck for post-dive comfort.
- Warm towels are provided after each dive.

Tanks & Fills & Nitrox

- Standard tanks: 80 cu ft (12L) aluminum tanks.
- Valves: Standard k-valves (American yoke type). A limited number of convertible valves (that accept DIN (international) are available. (Bring your own adapter if you require DIN).
- Fills: Air Included
- Nitrox: A 32% blend is available for divers who are Nitrox certified for an additional fee. Please see www.aggessor.com for pricing.
- Large-capacity tanks (i.e., 15 liters / 100 cu/ft) are available (*limited quantities, first come, first serve*) for rent for guests who want extra capacity. These tanks have convertible valves (Yoke or DIN).

Equipment Rentals:

The following dive equipment is available for rental:

Item		Item		Item	
Mask	✓	Fins	✓	Snorkel	✓
BCD	✓	Regulators System	✓	Dive Computer	✓
Dive Light	✓	Safety Sausage (SMB)	⊘	Large Capacity Tank (15L, 100 cu ft, or similar)	✓
Nautilus Rescue Radio	⊘	Wetsuits	⊘	U/W Cameras	⊘

Please visit Aggessors' website at www.aggessor.com for detailed information on the cost of dive equipment rentals, certification courses, and large tanks.

If any of your dive equipment fails while on board, the staff will lend you equipment free of charge.

Wetsuit Rentals:

You are strongly encouraged to bring your own wetsuit to ensure optimal comfort and thermal protection during your dives. Since wetsuit fit is highly individual and vital for both comfort and

warmth, bringing your personal wetsuit will provide the best diving experience. Other rental equipment is readily available; however, wetsuits are not.

Consult the Adventure Logs on www.aggessor.com for current water temperatures.

Itinerary Details:

The Providenciales, West Caicos & French Cay itinerary delivers some of the finest wall diving in the Caribbean. A 7-night trip typically features 22–25 dives; a 10-night trip adds additional days to the best sites. All diving is done directly from the yacht's back deck, giving divers relaxed, unhurried access to the reef.

The itinerary covers three distinct diving areas in a single week. Northwest Point Marine Reserve off Providenciales offers dramatic spur-and-groove formations alive with tube sponges, eagle rays, turtles, moray eels, and Caribbean reef sharks. The sites here include the iconic Thunderdome — remnant of a French TV game show filmed in 1993 — now colonized by coral and fish life.

West Caicos Marine National Park is widely considered the jewel of the itinerary. Pristine sheer walls plunge to over 7,000 feet (2,100 m) and are draped in massive elephant ear sponges, barrel sponges, and deepwater sea fans. Horse-eye jacks school beneath the yacht during safety stops. Marine life encounters here are among the richest in the Turks & Caicos.

French Cay, an uninhabited sandy atoll 18 miles south of Provo, is famous for its sharks. Caribbean reef sharks cruise the walls on almost every dive. Sites like Double D and G-Spot feature colorful gorgonians, orange elephant ear sponges, and regular sightings of barracuda, yellowtail snappers, and sea turtles. Visibility here is frequently excellent, often exceeding 100 feet (30 meters).

Diving Conditions

- Water temperature: 79–84°F (26–29°C) year-round.
- Most guests do 3–5 dives each day, so some form of thermal protection is needed. A 3mm wetsuit is recommended year-round. Some guests prefer 5mm in January and February. Season-by-Season:
 - o Winter (Dec-Feb): 79°F (26°C) water, use 5mm wetsuit, some wind/waves
 - o Spring (Mar-May): 79-82°F (26-28°C) water, use 3-5mm wetsuit, great conditions
 - o Summer (Jun-Aug): 82-84°F (28-29°C) water, use 3mm wetsuit or shorty, very warm
 - o Fall (Sep-Nov): 82-84°F (28-29°C) water, use 3mm wetsuit, excellent visibility
- Visibility: Typically, 80–100+ feet (24–30+ meters). Excellent year-round due to very little runoff. Visibility can exceed 100 feet (30 meters) at deeper sites.
- Currents: Normally gentle. Surface conditions are generally calm. Some swells possible November through March.
- Best season: December through May brings the calmest seas and peak visibility. January–April also offers the chance to spot migrating humpback whales.
- Please see the “Adventure Logs” on www.aggessor.com for current diving conditions.

Scuba Training:

Enhance your education while on board an Aggressor yacht!

The courses available include:

- Advanced Open Water Diver (SSI or PADI)
- Enriched Air / Nitrox Courses (SSI or PADI)

Course fees are due once on board and after the instructor confirms your course. The training agency providing your course will depend on your instructor's affiliations.

A diver participating in scuba training will need to complete a medical history form. Please be sure to review the form prior to traveling and ensure you do not need a physician's signature.

Photo & Video

Photography: The yacht offers support for digital photographers, including a PC for downloading photos. The photo pro is available for coaching and tips to improve your underwater photography. The yacht has a dedicated charging station and large camera table for your camera and video equipment.

As a safety precaution, all lithium-ion batteries must be charged outside at the camera station and cannot be charged inside the yacht.

Video Service: The Video Professional can capture your diving adventure on board the Turks & Caicos Aggressor II to share with family and friends.

The video of the week (including all guests and staff) is available for \$65 USD. See www.aggressor.com for current pricing.

Nearest Chamber

The nearest recompression chamber is in Providenciales. Guests are encouraged to have a full physical exam before their adventure and to always dive conservatively.

Prohibited Diving Activities:

The following diving activities are not supported and prohibited on Aggressor Liveboards

- Use of Spear guns, Hawaiian slings or collecting of any kind are not permitted.
- Solo Diving
- Use of double tanks
- Use of underwater scooters
- Decompression or Technical Diving
- Touching, chasing, or disturbing marine life of any kind.

6. AFTER YOUR ADVENTURE

Check-Out Time:

Check-out time is 8:00 am for all guests. At this time, all guests and their luggage must be off the yacht, so staff have adequate time to prepare for new guests arriving in just a few hours. If you are making your own transfer arrangements, please ensure that you are picked up at or before check-out.

Departure Schedule:

Transfers back to the airport are included on disembarkation day. The Captain will inform you of your departure time and the designated meeting area. For early morning departures, the taxi picks up between 5:45 am – 6:15 am. If you are extending your stay in Provo, the staff can help arrange a taxi to your hotel.

Guest Surveys

You will receive a detailed survey via email three days after your adventure ends. (If you've completed back-to-back adventures, you'll receive one survey for each.) Aggressor Adventures truly values guest feedback and integrates it into the continuous improvement of its programs.

Many amenities and experiences you enjoyed during your adventure were inspired by guest suggestions. Your feedback is sincerely appreciated as it helps Aggressor enhance operations and exceed future guest expectations.

Your survey also offers a valuable opportunity to recognize exceptional staff performance. These evaluations directly influence staff recognition programs, awards, and promotions. The staff is dedicated to making your adventure memorable, and your feedback helps celebrate their outstanding service. The time you take to provide thoughtful responses is greatly appreciated and helps maintain the highest standards of the Aggressor experience.

Stay Connected

Each week, the previous charter's Adventure log is uploaded to the website. Feel free to visit www.aggressor.com and check the Adventure log for water temperature, visibility, and sightings.
